# Fisk U. Head Formally Inducted 4 Arrested in Murder of Woman

## QUIZ SUSPECTS IN SLAYING OF WOMAN IN HOME

By OPAL L. TANDY

Four men are being held as suspects in the shotgun slaying of Mrs. Mary Lois Burney, socialite in her fashionable far Northside home some time Wednesday afternoon, but officials admit they have as yet no concrete evidence linking any of the suspects with the case.

The body of Mrs. Burney was found by her husband Herschel Burney, in the bedroom of their home of 8558 North Pennsylvania street, as he returned from his business, the Burney Brokerage company at 221 W. Georgia street. Evidence pointed to a terrific struggle.

Arrested and held under high bond for investigation are Robert Austin Watts, 25 years old, 2340 Marquette avenue, truck driver for the city; Robert A. Parker, 39, 317 W. 21st street, Apt. 7; Jesse Kinnebrew, 27, 1851 Boulevard Place, and Brucille Marlowe, 50, 1733 Chelva street.

Watts, already facing grand jury action on a charge of raping a woman on W. New York street recently, was arrested by Deputy Sheriff Robert Reasoner and Everett Maxwell about 2:30 Wednesday afternoon as he drove a city dump truck into an asphalt company's yard at 1725 S. West street. He is being held under \$10,000 bond and was sought as a suspect in an attack on another woman the same day.

Parker, Kinnebrew and Marlowe were taken from a city dump truck in the 500 Block Indiana avenue Thursday at noon by Sgt. Alexander Posey and his squad and turned over to Deputy Sheriff William Owens and Al Southard. They were taken in for questioning in the sensational murder of the white woman because it was reported the truck they were riding in was seen in the vicinity of the Burney home Wednesday afternoon.

Watts was arrested after detectives found a jacket and butcher knife in the Stout home which they traced to him, officers said. He was accused and according to Sheriff Albert C. Magenheim, has offered to sign a statement confessing an attack early Wednesday.

## HONOR GARY EDITOR FOR HELPING SMASH JIM CROW IN GARY SCHOOLS

The man who waged a successful fight against segregation and discrimination in the public school system of Gary was honored by nearly 1,000 persons who attended the 43rd annual opening of the Monster Mass Meeting at the Senate Avenue branch of the YMCA last Sunday afternoon.

H. B. Snyder, crusading editor of the Gary Post-Tribune, was presented a scroll and pin as the first recipient of an annual award by the Emblem club "to the white person who, in the club's estimation, has made the most significant contribution to better race relations." In presenting the scroll, Spurgeon Davenport, Emblem club president told the hard-driving newspaper publisher and editor, "The liberal and enlightened people of Indiana are justly proud of the great contribution to decency and democracy you made in helping win the fight against segregated schools in Gary. It will encourage others, even hidebound Indianapolis, to throw off the yoke of moral slavery and civic debauchery by returning to the practice of the fundamental principles of democracy."

Dr. Mordecai Johnson, president of Howard university, guest speaker at the opening Monster Mass Meeting for the 27th consecutive year, told the large crowd that packed the gymnasium of the Y, "Segregation is collapsing before the steady advance of liberality and enlightenment, both in the North

## Trouble Scenes of World Surveyed by Mordecai Johnson

Surveying the world situation Dr. Mordecai Johnson spoke on the subject "Are the Walls of Jericho Falling?" on the opening of the forty-fourth annual series of the Senate Avenue YMCA Monster Meeting series, Sunday, Nov. 9.

Dr. Johnson, a noted pessimist and optimist in a rare notion and called for aggressive and intelligent effort at improving the days ahead. He pointed out how the repercussion of the world's situation are being felt in American culture.

He observed that the nation's minorities interest in the nation's minorities stems from pressure at work on the international scene. He pointed out that the Civil Liberties Committee and other government sponsored progressive moves are matters of grave expediency.

He struck boldly at Christian hypocrites which are weakening every fiber of the nation's life. He also pointed out how Catholicism is challenging Protestantism. The independence of the world's colonial peoples is a problem which is gaining impetus he observed. It was evident to his audience that he "Walls of Jericho Are Falling" only as people surge forth for greater freedom.

GARY'S CRUSADING EDITOR, H. B. SNYDER of the Post-Tribune, was honored by the Emblem club at the opening session of the 47-48 Monster Mass Meetings at the Senate Avenue YMCA last Sunday. Mr. Snyder, second from right, was chosen for the club's first annual award "to the white person making the greatest contribution to better race relations" because of his relentless and successful fight upholding the Gary School Board in its policy of abolishing separate colored schools in the Steel City. The Post-Tribune did much to persuade parents to return their children to school after students struck when several Negro children were admitted. Shown with Mr. Snyder are left to right—SPURGEON DAVENPORT, president of the Emblem club, who presented Mr. Snyder a scroll of honor; ROBERT L. BROKENBURR, state senator and prominent attorney; Dr. MORDECAI JOHNSON, president of Howard university, the principal speaker at the Sunday afternoon meeting. Mr. Snyder and DR. ## Jan. Congress to Face Ten Civil Rights Bills

WASHINGTON (ANP)—When congress reconvenes in regular session in January, it will be faced with 10 bills designed to enact into law the recommendations of the President's Committee on Civil Rights, it was disclosed here Sunday.

The bills, all authored by Rep. Emanuel Celler (D., N. Y.), propose to follow the committee's line that "the federal government must take the lead in the fight to end political, economic and cultural discrimination."

Among the recommendations embodied in Celler's bills are those dealing with a federal anti-lynch law, an anti-poll tax law, legislation for the establishment of a permanent fair employment practices commission, amendments to the criminal code to provide greater

## Terms Economic Security Key to Peace of World

NEW YORK (ANP)—"The hazards to peace in Europe must be realized by every American. If there is one indelible impression with which I have come home it is that the safeguarding of our own peace is inevitably linked with the economic condition of Europe. Food and fuel are the fundamental needs of Europe. Without them there can be neither economic nor political rehabilitation," declared Eunice Hunton Carter, chairman of the board of the National Council of Negro women, who has recently returned from a six week visit to six countries of Europe.

In discussing her observations relative to the International Assembly of Women at Paris at the UNESCO house, where some 300 women met representing some 54 nations, Mrs. Carter emphasized the prominence and the tremendous amount of power wielded by the active, alert women with whom she was associated during the meet as well as her tour. She emphasized the fact that the word democracy really meant something to women groups politically, in the truest sense of the word.

## Medical Care Costs Vary Widely Among Nation's Families

WASHINGTON (ANP)—Figures just released by the Bureau of Human Nutrition and Home Economics of the U. S. Agricultural Research administration disclose that in the south, white families spend over twice as much as Negro families for medical care. "White families spent an average of \$81, Negro families an average of \$40," in 1945. On a per capita basis, the disparity in spending is even greater, \$20 as compared with \$9.

The pattern of spending differed between white and Negro families," according to the bureau. "Negroes used a larger proportion of their total expenditure for physicians services than did white families, 50 per cent as compared to 42 per cent. They also spent relatively more for drugs. For dental care they spent a considerably smaller proportion of their total. Hospital care also took a slightly smaller proportion of the Negro medical dollar than of the white."

## SPEAKER FOR SOCIAL WORKERS SEES END OF JIMCROW SCHOOLS

Speaking before the fifty-seventh annual Indiana Conference on Social Work held here at the Claypool hotel, Nov. 5-8, Carey McWilliams, author and attorney, San Francisco, predicted that U. S. Supreme Court decisions will outlaw segregation in the public schools of the nation.

Also Mr. McWilliams advocated, in solution of the problem of segregation, equality of health facilities, housing, educational, political and social privileges as provided by the U. S. Constitution. Dr. Lewis L. Robbins, Topeka, Kas., observed that mental hospitals in most states are nothing more than concentration camps. And the nation spends more money for the study of hog cholera than it does for research in mental cases. The conference revealed that no

## NEW FISK HEAD SURVEYS PLANS ON EDUCATION

NASHVILLE (ANP)—For two hours, an audience of 1,000 braced themselves against a cold north wind to witness the capped and gown'd pageantry which surrounded the formal exercises making Dr. Charles Spurgeon Johnson the sixth, and the first, Negro, president of Fisk university here last Friday. The ceremony was presided over by William Hume, superintendent of the Nashville board of education.

Dr. Johnson, son of a Baptist minister, was born in Bistat, Va., 54 years ago. He is internationally known as a social scientist. In his inaugural address he declared that the "four pillars of my educator's faith were work, justice, freedom and moral power."

"I believe in the importance of practical and functional education. The most important asset that a society can have is men who can apply the knowledge of the time to the needs of the time."

"The young citizen must fit himself for his useful niche in society. Since a first rational objective is sustaining work, he must be prepared."

## SIX ACCUSED OF KIDNAP-RAPE GO TO TRIAL SOON

Trial of six young men charged with the raping and kidnapping of a 19-year-old Southside white woman mother of two young children was set for November 24 by Judge Saul I. Rabb in his Criminal court, Division 2, this week.

It was learned that the early scheduling of the trial resulted from a request by attorneys appointed by the state to represent the six defendants. Request by one of the defendants for a lie detector test was left unsettled pending determination of the court of its admissibility in evidence at the trial. Judge Rabb took the defense motion under advisement after Rufus Kuykendall, deputy prosecutor who will handle the state's case, indicated he was not sure results of a lie detector test would be admitted in evidence.

Those charged with the kidnapping and rape of the young woman October 7 at McCarty and 50 Capitol ave. are: Thomas Lee Gardner, 23, 624 Ed II st.; Stewart Derrickson, 21, 610 W. 27th st.; Robert Warner, 30, 710 So. Illinois; James Edward Henderson, 25, 2647 Northwestern ave.; Robert H. Johnson, 22, 802 W. 27th st., and Donald Peck, same address. Derrickson is the one who requested the lie detector test. All defendants will be represented by county attorneys.

## Md. Teachers Urged To Avoid National Exhibition of Bias

BALTIMORE (ANP)—"Avoid exhibition of national and racial prejudice," urged Dr. William G. Carr, associate secretary of the National Education association here recently. He was speaking before 5,000 delegates attending the second session of the 80th convention of the Maryland State Teachers association.

"It isn't easy to avoid passing on to pupils in subtle ways an over-simplified and inaccurate estimate of people," he declared. "No nation has a monopoly on the good traits of our common human nature."

He pointed out that in the fight for peace "domestic and international aspects should be taught together."

"The time is past when we can consider domestic policy as separate from foreign policy. I do not mean to teach a blind and implicit faith in the United Nations. Teach about its accomplishments as well as its shortcomings."

## RECORDER PRAISED FOR STAND IN SCHOOL FIGHT

The fight against continuance of Indianapolis' vicious separate schools system will be continued despite failure of two candidates backed by the People's School committee to win places on the school board in last week's election, David W. Hector, campaign manager said this week.

The approximate 16,000 votes given Rev. R. T. Andrews and

Don given the committee by citizens of both races, it shows that the people want and are determined to have a democratically operated public school system which will make a better community in which to live.

"I want to express openly the committee's thanks to everyone who contributed to the campaign and the committee solemnly promises that the fight will continue until victory is won."

"In view of the lack of funds and other handicap, in staging the campaign, the results have indeed been encouraging."

Mr. Hector, in a letter to The Recorder said:

"It was through the assistance and fine cooperation of The Indianapolis Recorder that we were able to prove that not only colored citizens, but many liberal and better-thinking white citizens are not satisfied with mock democracy as it is practiced in our public school system."

"Had it not been for your loyal support and the courage and backbone of your great institution, the people would not have known the truth. You did a magnificent job in the people's interest which should be appreciated by everyone."

## ARMY JIMCROW REPORT BEFORE U. S. WAR DEPT.

WASHINGTON (ANP)—President Truman and his entire cabinet are studying one of the most amazing confidential reports ever compiled, dealing with the status of the Negro in a new war.

Although official Washington has remained discreetly silent and no comment greeted every inquiry on the report, it is generally understood that James V. Forrestal, director of national defense, made the demand that five top ranking persons who know, give him candid and straight forward replies and information on the colored citizens of the United States.

The first inquiries had to do with the colored servicemen's record in five branches of service, the army, navy, marine corps, aviation corps and the coast guard.

In each instance, the report gave service men clean bills of health and further admitted that under equal circumstances and with equal training, the colored servicemen in army and navy were on a par with the majority, or white trainees.

The navy department knew what had happened with its colored personnel and the orders issued in that branch of the service on segregation receive respect and attention.

In the army, similar orders were issued, but their execution was left entirely to local command with the result that the army did not make the progress expected. Army officers were loathe to break down the prevailing customs and adhered to the practices in areas where army installations were located.

This is still true with the big army installation at Fort Benning, which has caused much comment and criticism for army officers.

The report, which was closely guarded and only 13 copies made, states that colored trainees will be lacking in the aviation branch of the service, because of the limitations placed on the existing facilities for their training.

## KIDNAPING, THREAT ON LIFE CHARGED

Tyler Reiford, age 24, reported transient lodger at the Santa Avenue YMCA charged to police he was forced into a car by three men at the 400 block on Indiana ave., early Monday morning of this week. He said they drove him to a spot outside the city limits on U. S. Route 52.

The men, he charged threatened his life to avenge the death of a taxi driver, Marion Pauley, killed last Saturday night. Reiford reports he escaped from the kidnappers after a struggle and the men got in their car and drove away.

Reports are that Pauley was assaulted by four men in the 1300 block of East 25th st., last Saturday night. He was found unconscious by his cab. He died last Sunday.

Pope was thrown behind the Catholic high authorities in the Missouri city when parishioners objected to the admission of Negro children in Catholic schools there.

"It has become the unalterable policy of the Catholic church to stamp out race prejudice in the form of segregation and discrimination," he said. "The Protestant church must follow the lead of the forward looking Catholics or be relegated to the limbo of oblivion and disrepute and waning influence as a great spiritual force in the nation."

Dr. Johnson gave credit to the Senate Y.M.C.A. Monster meetings as the oldest forum of free public discussion in the city.

WARREN—23. The audience approved a suggestion by F. E. DeFrantz, the executive secretary of the Y and chairman of the meeting that Dr. Johnson be invited to return as principal speaker for the opening Monster Meeting series in the fall of next year.

Other participants on the Sunday program included, State Senator Robert L. Brokenburr, Dr. I. Albert Moore, Rev. Watkins, who gave the invocation, Dr. Joseph Ward who presented the pin to Mr. Snyder and Mrs. Cary D. Jacobs who made a plea for continued support of the fight against segregated schools in Indianapolis.

James Stewart, editor of the Indianapolis Star, was introduced to the audience as a champion of the rights of minority groups to equal enjoyment of American citizenship privileges.

Included in the vast audience were prominent figures in various phases of the community life of the city. Mr. DeFrantz announced that Dr. Percy Julian, eminent scientist and faculty member of DePaul university would be the next Monster Mass meeting speaker.

Mr. Snyder, in accepting the club's award, reminded Negroes that not all of the responsibility for elimination of the evils of race prejudice lay at the door of the

white man. Through his newspaper Mr. Snyder vigorously fought against the strike of parents when colored students were admitted to a white school this fall.

"Negroes must cooperate among themselves to help secure the precious blessing of liberty and the better way of life. Good Negroes must join with good whites in helping secure better government, for they have all to gain and little to lose thereby," he declared.

In the recent municipal election in Gary, Mr. Snyder said, Negroes joined with the gambling element to elect the next mayor. The gamblers put their money on the Democratic candidate because they expect a wide open town during the next administration, he pointed out. Gambling, vice, crime, poor housing, low educational standards are definitely not factors calculated to promote the best interests of Negroes or other groups of citizens, Mr. Snyder said.

day on Mrs. Harriett Stout, in her home at 7910 College avenue.

Thursday deputy sheriff were studying a set of footprints found outside the bathroom window and examining a set of keys, an heirloom in the Burney home, for fingerprints.

Circumstances revealed in three recent attacks on women including the Burney case, indicated a striking similarity, investigators said. Mrs. Stout was threatened by Watts with a knife, his own police said. A knife, probably twisted in the struggle of the Mrs. Burney with her attacker, was found in her home following discovery of the murder. A knife, officers said, also figured in the slaying of another at sick victim, Mrs. Mabel Merrifield, prominent Southside club woman, who was killed Halloween eve.

Investigators also theorized that the attacker in each case used the use of the telephone to gain entrance. Mrs. Stout was able to escape the fate of the other two women because she ran out of the back door for help after freeing herself from her attacker during a struggle. A leather jacket bearing Watts initials also was found in the Stout home. After denying friendship, Watts later admitted it belonged to him, Sheriff Magenheim said.

The three other suspects will be given a hearing Friday morning, it was announced. Watts denies he is guilty of the Burney or Merrifield crimes, the sheriff said after a lengthy questioning of his prisoner Thursday. After being questioned about the Burney tragedy, Watts announced he would sign a statement confessing the Stout attack, he had previously de Sheriff Magenheim said.

## Shriners Map Drive For \$100,000 Fund For Scholarships

DETROIT (NNPA)—The Shriners Tuberculosis and Cancer Research Foundation announced here last week that it would seek to raise \$100,000 in a nationwide campaign to provide scholarships in research in "finding a cure for these ills."

Raymond E. Jackson, Shriners Imperial Potentate, Buffalo, New York, emphasized the importance of the drive and predicted that scholars in the coming months will have their great opportunity to aid in the betterment of mankind through medical science.

"The 1948 goal of the Shriners Tuberculosis and Cancer Fund," amount needed to maintain the act, Mr. Jackson said, "is the minimum to allow our organization to participate in the various fields of research and study that is to bring about full realization of the aspiration of the Imperial Council Officers for a larger contribution to national health."

## MAYOR AND MAYOR-ELECT BACK RACE RELATIONS GROUP

Mayor George L. Denny of Indianapolis and Mayor-elect Al Feeney gave out statements early this week in support of the program of Indianapolis Community Relations Council on promotion of religious and racial understanding.

Preliminary plans of the council for the coming year were announced, together with a partial list of committees, by Donald D. Hoover, council president. The council will seek to consolidate the various agencies now conducting independent programs in the overall field of race relations and tolerance.

"It seems that within the city there are numerous organizations and committees seeking to prevent intolerance and to promote unity and community well-being," said Mayor Denny. "It would appear logical to believe that these organizations would have greater effectiveness if they were co-ordinated."

Mr. Feeney expressed the hope that the Indianapolis Community Relations Council would become "the co-ordinating agency through which greater unity and fuller group understanding can be attained," adding that "the council's program of promoting unity through education and bringing home to all of us the dignity of man and his inherent right to equal treatment is one which deserves the support of every citizen."

The president of the council has named an unofficial advisory committee consisting of William H. Book, Judge Alex M. Clark, Mayor Denny, Mr. Feeney, Judge Joseph O. Hoffmann, Lieut. Gov. Richard T. Jones and former Governor Henry F. Schickler. This group will be consulted by the directors of the council on community problems.

Before taking a position on any question, a fact-finding committee will investigate and assemble pertinent information. Reginald H. Sullivan, former mayor, is chairman of that committee. A partial list of those on the committee includes Rev. E. Burdette Backus, Cleo Blackburn, Thomas J. Blackwell, Jr., Rev. Howard Baumgartel, Eugene J. Cadon, Sr., Jameson G. Campaigne, F. E. DeFrantz, Mrs. Lawrence Dursley, Carl Dorch, Frank Edwards, Clarence Eftoyms, William P. Evans, Gilbert Forbess, Rabbi Maurice Goldblatt, Eric Robert Hartman, C. The council will sponsor a county-wide institute on community relations early next year, with nationally-known speakers on the schedule. The committee in charge of arranging the institute is headed by Dr. James A. Crain, executive secretary of the department of social welfare of the United Christian Missionary Society. His committee will include Rev. Baumgartel, Mr. Blackburn, Rt. Rev. Henry F. Dugan, Mrs. Montgomery S. Lewis, Rev. Moore, Mrs. Robert A. Shank, Mrs. Hayes A. Shonke, Mrs. Virgil City, Miss Anna Stout and Cyrus E. Wood.

pared for him. To distinguish this from simple vocational training, should be explained that the method of education is as important as the subject.

He said that Fisk is not now solely interested in the welfare of the Negro in America, but "in the education of Negro youth because they are a part of that nation and deserve as much but no more than any other element of the population."

Mrs. Vera Cravath Gibbs, chairman of the board of trustees described Dr. Johnson as a worthy and able successor to his grandfather, Erasmus Cravath, Fisk's first president. She recalled how Dr. Johnson worked his way through college as a waiter and a stevedore.

The new president is a graduate of Virginia Union university, Richmond. He served in the first world war as regimental sergeant-major in the infantry. As an author, writer and social investigator, he has had a distinguished career. He found "Opportunity" magazine, official organ of the National Urban League; was director of the Governor's Commission on Race Relations, Chicago, following the race riots in 1921; served as one of 10 U. S. delegates to the first UNESCO conference in Paris and was appointed this year as member of UNESCO's board of foreign scholarships under the Fulbright act.

## BELIEVE WOMAN FOUND IN CANAL TOOK HER LIFE

The dark, murky waters of the Canal became a rendezvous with death when Mrs. Hattie Battles, 56 years old, a devout church member and sufferer of a strange illness for many years, was drowned Tuesday in the water near North West street several blocks from her home at 328 N. West st.

The body was recovered by an emergency police squad after three and one-half hours of dragging. Deputy Coroner Leonard Cox termed the drowning a probable suicide. Informed by Mrs. Mary Smith, 25 years old, 440 N. West st., that she had seen a woman walk in a canal about 9 a. m., police, on reaching the scene, found a hat, coat and purse containing papers which the identity of the person whose body they were seeking. Identity was verified later at the morgue by the woman's husband, Jonas Battles.

Mr. Battles said his wife had appeared normal under the circumstances when he left that morning to go to his work at the Langdale plant of the Citizens Gas Utility. During the ten days preceding her death, his wife had been unable to sleep, he said, and got no results from sleeping tablets she had been taking.

Mrs. Battles had been a patient in the Eli Lilly ward at the General hospital where she had been treated for a malady the exact nature of which physicians had been unable to determine, he said. It is believed her despair of regaining good health, deepened by

the protracted period of insomnia, produced a mental unbalance as though it was not amenable to her husband and family.

Born in Rome, Ga., 56 years ago, she came here 30 years ago and had been active in the M. Olive Baptist church for a quarter of a century.

Funeral services will be held Friday, November 14 at the church, with the pastor, Rev. H. T. Toliver officiating, assisted by Rev. J. C. Daily. The Stratton Mortuary will conduct the service, with burial in New Crown cemetery.

Surviving are, besides the husband, two daughters, Mrs. Edith Cruise, city and Mrs. Mary Lou O'Neal, Chicago; two sons, Chas. and John Battles; three brothers, Jerry and James Ensley, and Frank Blackmon; a sister, Mrs. Estelle White, and other relatives.

## CONGRESS TO HEAR OF CIVIL RIGHTS REPORT FROM TRUMAN

WASHINGTON (ANP)—President Truman told the members of his press-radio conference last week that the report of his civil rights committee would be used as a basis of his state of the union message, which will go to congress in January. He repeated that the committee's report was a good one.

The report, which was recently submitted to the President, recommended legislation to eliminate poll taxes, lynchings and other aspects of discrimination against minorities, and called for an end of segregation in the nation's capital.

At the time that the President received the report, he urged all of his countrymen to read and study it with great care.

He said the committee was created with a feeling of urgency. "No sooner were we finished with the war than racial and religious intolerance began to appear and threaten the very things we had just fought for," said the President.

"In times past, when our American freedoms were threatened, groups of our citizens banded together and set out on paper the principles they felt would preserve freedom and the kinds of action that would defend freedom."

"The Declaration of Independence was that kind of document, and I notice that the title of this report is taken from the Declaration of Independence. I hope this committee has given us as broad a charter of human freedom in our time."

He beat his Democratic opponent, William Childress, also edged by 90 votes. Childress has been granted a recount.

Louisville replaced its Republican Board of Aldermen with an entirely Democratic one. The lone colored member, Eugene Clayton, Republican, was swept off the board.

Early O. Clements, Democratic candidate for Governor, was leading Elton S. Summit, Republican, by more than 30,000 votes. Democrats will continue their control of the Legislature with twenty-nine of the thirty-eight seats in the Senate and seventy-two of those in the House.

The Democratic victory was decisive, the Democrats winning eight of the nine districts in the State.

High prices and the activity of organized labor against the Taft-Hartley law espoused during the campaign by the Republican party are the main reasons given by most of the politicians for the sweeping Democratic victory.

Colored voters, it is reported, gave the Democrats strong support.

day. He died in the General hospital 13 hours later from multiple skull fracture, surgeons said.

Police were told a group of five men had entered the Red Cab driven by Pauley at a tavern in the 1396 block on East 25th st. Detectives said several residents of the neighborhood told them they saw several men standing with taxi driver after which they left the scene. Later police found a baseball bat in a weed patch nearby and believe it was the instrument used by the attackers to club their victim.

Rubbish might have been a motive, police said after finding Pauley's wallet empty on a trousers pocket. Four one-dollar bills were found in another pocket and a money changer containing about \$5 in change was found in the cab.

All of the suspects are being held on vagrancy charges. Red Cab officials announced Tuesday they would pay a \$500 reward to a person or persons supplying information leading to the arrest and conviction of the person or persons responsible for the brutal attack on Pauley.

**THE ABBE WALLACE SERVICE**

M. P. G.—I'm having boy friend  
trouble. When he asked me to  
marry I refused and now he is go-  
ing with another girl whom I think  
will marry him. I find myself  
very much in love with him. Now  
I don't want to marry. I just want  
boy friend. In other words, I  
don't think he would make a good  
husband as loves to drink, dance  
and run around. We get along  
wonderful as sweethearts and I  
want to keep it that way.

Ans.—He's tired of playing  
around and wants to settle down.  
You refused him and he is seeking  
a new love. It is just as well if  
it worked out this way as you were  
only using him until Mr. Right  
came along. You can't have your  
cake and eat it too.

D. C.—I have been here with  
this family 3 years and they were  
real nice up until recently. I  
believe they want the room.  
Should I leave or stay on here as  
I pay rent?

Ans.—A change would be grand  
for you at this time. Look for  
a desirable room in another home.  
Too much friction has bogged up  
between you lately and it is best  
to move now while you are still  
on friendly terms.

P. S.—I am in love with a fine-  
boy and have been for 2 1/2 years.  
My mother, dad, sister and all my  
friends like him very much. Every  
member of his family is crazy about  
him. Now he wants me to marry  
him and he is giving me a ring  
on my birthday in November.  
How long should I be engaged to  
him? I know I will make him a  
loving wife.

Ans.—Indeed you will. The  
length of an engagement varies  
due to circumstances. Long en-  
gagements are never wise. In  
your case, two months should be  
ample time to plan and get every-  
thing ready for your wedding.  
Your fiancé is ready right now.

K. C. M.—About 18 years ago I  
went out with a young lady and  
all at once she said not to see her  
again. I met and married another  
girl. Later I found out the first  
girl was going to become a moth-  
er. I asked her about it and she  
named another man. Recently, I  
saw her daughter who is 17 years  
old and she called me daddy. I  
feel sorry for her and would like  
to do something for the girl. Tell  
me if I should or not as I have  
not ever been able to get the mat-  
ter straight.

Ans.—You're under no obligation  
to the girl since the mother em-

phatically stated that you were  
not the father. However, if you  
will ease your conscience to help  
her out a little financially, go a-  
head and do so. Don't lose your  
money out to her lavishly. Pay her  
expenses in some trade school so  
she can make her own way in  
the world. That kind of help will  
do more for her than anything  
else you could do.

M. B. M.—I have been corres-  
ponding with a man and recently  
he left here to find a job. He was  
supposed to send me a present and  
I haven't heard from him yet. I  
don't know whether to believe him  
or not. He lied to me about how  
many kids he had and he lied to  
me about his age and other things.  
Now if he doesn't mean any good,  
please tell me as I don't want to  
use any more of my time wait-  
ing for him.

Ans.—He fed you a line. He's  
back a home with his wife and  
kids. That's where he belongs.  
Look elsewhere for companionship  
and next time choose a single fel-  
low.

M. D. T.—I am very much im-  
proved since following your Guide.  
It has been a tremendous help to  
me. I have another problem. I  
am living with husband No. 2  
and it doesn't seem that he loves  
me as he would support me. I  
want husband No. 1 back and he  
wants me. Should I go back to  
him or his divorce husband No.  
2 and stay single?

Ans.—Your first marriage should  
be a closed chapter in your life.  
Husband No. 1 didn't satisfy you  
when you were together and he  
wouldn't if you took him back.  
You're being very silly to renew  
this affair. Stop acting like a  
child and begin appreciating your  
present husband. You will find  
happiness in life for which you  
are searching. He cares for you  
but you aren't playing the game  
fair with him.

J. E. C.—I live with my wife  
and aunt. I own half of the house.  
I am fixing it up nice but my wife  
and aunt can't get along. What  
shall I do?

Ans.—Convert it into a du-  
plex so that your wife and aunt  
will not be thrown together con-  
tinually. As soon as they have  
separate quarters and enjoy more  
privacy, they will not get on each  
other's nerves.

S. B. G.—My daughter has been  
ill in New York for several weeks.  
Do you think she should come  
home or should I go up there to  
her?

Ans.—She will not agree to  
come home. Write and get her  
consent for you to visit up there.

M. F.—I have been going with  
a man for 8 years. He's single  
and I want to get married. What  
am I to do?

Ans.—Set your cap for someone  
else. The gent you're going with  
is not any nearer the altar now than  
he was when you first met. I sug-  
gest that you send for "Happier  
Living Lesson No. 1—How to Win  
a Man," price 25c. It will give  
you some good pointers and per-

### Pastor Preaches In Columbus, Ind.

COLUMBUS — Rev. Edgar F.  
Maddox filed his pulpit at the Ar-  
my church Sunday. The Second  
Baptist church Sunday school was  
well attended Sunday. Rev. J. C.  
Washington preached at that  
church Sunday. Funeral services  
of Albert Phillips were held  
Wednesday afternoon at the Bath-  
away funeral home. Rev. J. C.  
Washington officiated. Mrs. Wash-  
ington read the obituary and con-  
gratulations were read by Mrs. Ma-  
rie Senour. The choir of Second  
Baptist church rendered music.  
Mrs. Prentiss Smith sang a solo.  
Mr. Phillips was a life-long resi-  
dent of Columbus. Lou's Jackson  
returned to his home in St. Louis  
after attending the funeral of his  
father-in-law, Mr. Phillips. Mrs.  
Betty L. Johnson spent the week-  
end in Indianapolis.

Mr. Phillips was hit by a car  
Saturday afternoon, and is suf-  
fering with a broken leg. Mrs.  
Della Riley and Georgia Cannon  
have moved to 415 1/2 Fourth st.  
Suzanna Booker was surprised at  
a birthday party Saturday. The  
Independent State club met in  
Seymour Saturday night. Mrs.  
Laura Mae Edmonds is spending  
the week in Indianapolis.

Mr. and Mrs. James Kirkpatrick  
have returned from Akron, where  
they spent their vacation. Mr.  
and Mrs. Roy Litzzy have moved  
into their newly built home in E.  
Columbus. Mr. and Mrs. Marion  
Smith have moved near Peters-  
ville. Mesdames Clifford S. naur  
and A. Whitlow were in Indanap-  
olis Saturday. Henry Lambert  
has been moved to his home from  
Sheelville hospital. He is report-

edly help you accomplish your  
aim.

R. W. E.—I am a railroad lab-  
or, married about 2 years ago  
and have several stepchildren. I  
give my wife a hundred a an sixty  
to eighty dollars every month. Do  
you think I should just give up  
and leave as were getting no  
where?

Ans.—Remain with your wife as  
you are very much in love with  
her. Get your heads together and  
work out a satisfactory budget.  
Access a certain amount to be put  
in the bank for savings each  
month. When you start living  
according to a plan within your  
means and saving consistently,  
you will feel much better about  
your present setup.

"Dear Abbe", I received my  
Guide and Lessons and I am very  
much satisfied and they are just  
what I need. I am getting plenty  
of plain reasoning out of read-  
ing them and a clearer under-  
standing about the real way of  
life and I will always be glad I  
consulted you. Sincerely, S. J.

K. B.—I was married for 17  
years happily. Then my husband  
started drinking, running around  
and calling me all kinds of names  
so I told him it was better for  
us to separate. He left and is  
living with a girl in another city.  
We have two fine sons. I put one  
through high school and now he  
is in the Navy. Should I make  
him help with the younger son or  
let him continue on as he is?

Ans.—You're getting along  
splendidly without him. Do not  
bother to reopen the case. It  
would be like pulling eye teeth to  
get a dime out of him and you  
might as well not depend on any  
help at all from this source.

A. Wallace told an audience here

## Delta Sigma Theta Sorority Initiates Gamma Nu Chapter At Indiana University Campus

By a Staff Correspondent

**BLOOMINGTON**—Those "Dynamic Deltas" have done it again! After eighteen years of constant strife and struggle, overcoming seemingly insurmountable obstacles to establish a chapter of Delta Sigma Theta sorority on the Indiana university campus, the Deltas have succeeded at last.

On Saturday afternoon, Nov. 8, in the impressive William Lowe Bryan room of the Indiana Union building, Gamma Nu, the "baby" chapter of Delta Sigma Theta sorority was born.

Yes, the "baby" chapter, for it has been the cherished hope and dream of Deltas all over the United States to breathe Gamma Nu chapter into existence.

Formal initiation ceremonies were presided over by Sorors Jerolene Sneed, Detroit, midwest regional director, and Reber S. Cann, Cincinnati, grand secretary.

They were assisted by Sorors Susie H. Stoner and Marie Burch, president and vice-president of Chi chapter, Indianapolis.

During the ceremony four Indiana co-eds were welcomed as neophytes into the Delta Sigma Theta sisterhood. The four neophytes, Marie Love, Mary E. Lee Lane, Patricia Thompson, and Rebecca Taylor, together with Soror Owen Doyle Baylor, make up the roster of the charter members.

The granting of the charter establishing Gamma Nu chapter on the Indiana university campus followed the initiation ceremony.

Gamma Nu held election of officers, and the gavel of presidency passed into the hands of Soror Joycelyn Baylor. Other officers are Marie Love, vice-pres.; Patricia Thompson, sec.; Mary Ethel

Lane, fin. sec.; and Rebecca Taylor, treat. The officers were installed by Soror Sneed.

As a climax to the ceremony all Deltas were guests of Chi chapter, Indianapolis, at an installation banquet at the Methodist church here.

If such an occasion could have been further highlighted, it was by the entrance of Soror Edna Johnson Morris, Gary, grand secretary emerita and national chairman of the constitution board.

Other sorors of Delta Sigma Theta present and participating in establishing Gamma Nu chapter were Mesdames Juanita B. Lane, Alpha Alpha Alpha Sigma, Louisville; Mary Betty Hull, Gamma Sigma, Cincinnati; Frieda Parker, Marian A. Cowan, Sue Ann Schaffer, Emma Randall, Elma Clark, and Nancy Powell, Chi, Indianapolis; and Juanita Kidd Stout and Marie Simmons Wilson, Chi, Bloomington.

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did. LOOK INTO this 2-way help.

# Ft. Wayne Topics

By MARTHA STARNES

FT. WAYNE — Members of the Civil Air Patrol group here had a long-awaited airplane excursion last week, leaving from Central high school for Baer field for the air trip.

Your reporter being among the group, it is possible to give some personal observations and experiences occurring during the trip. After arriving at the field some of us drilled while others, sealed the watch tower.

After lunch flight numbers were assigned for the plane rides. I was in Flight No. 4 along with Charlotte Williams and Margaret Sheels. It was really a thrill to look down on our houses and city from above. A particularly interesting thing to me was being able to see a street from end to end.

Although two or three of the 25 girls who went up became dizzy, all of us enjoyed it immensely. We had choices of a craft or a private plane, with pilots able to go up as high as 1000 feet. Some went as far as Marion, being up about 15 minutes each.

Girls in our squadron took turns sitting in the nose of the plane. From the nose one can see much more plainly all around. Following the plane rides we learned about the inside of a parachute and how to open them, and heard a talk by Commander Archie Peterson of Lodge 148, which furnished our transportation to and from Baer field.

Girls making the excursion were the Misses Geraldine Flager, Dorothy McKay, Tamara Bailey, Peggy McDonald, Della Brown, Sharlee Smith, Evelyn Storey, Lillian Taylor, Charlotte Williams, Lucile Hurst, Margaret Sheels, Virginia Morrison, Dorothy Morrison, Barbara Lester, Kathryn Williams, Pat White, Donna White, Mary Salter, Geneva Ellis, Frieda White, Ida Salter, Darlene Jones, and Velma Birl.

The H-Y Boys club of Wheatley center elected officers at recent meeting. They are Paul Cuneaga, president; Douglas Pringle, vice-president; Jesse Mannis, secretary; Delmar Blanks, treasurer; and Ralph Hayes, sergeant-at-arms. Other members appointed to serve on committees are Morris Fowler, Wilson Porter, Lewis Perry, and Earl Dunbar, social and program; Delmar Blanks and Bob McDonald, finance; Ernest Hurst, Ralph Hayes, Douglas Pringle, and Donald Blanks, service; Sam Sims and Otis Stevens, avocations; and Clayton Chambers, Clio Davis, and James Andrews, membership and publicity. The executive committee, composed of officers and committee chairmen, will meet soon to plan a program for the year.

The Wheatley Center Elks basketball team is rounding into shape after three weeks of practice. William Swat has been named coach, and Al Jennings will be booking manager. Games have been scheduled with Wall Lake, Corona, Warren, Blauer Dam, and Toledo. Teams interest in booking games are asked to write to Al Jennings 143 E. Douglas st.

Mrs. James Bushing and Misses Fannie Morris and Mary Milner attended the Y-Ten convention over the week-end.

Rev. Samuel L. McGee Jr., has been assigned to St. John CME church for the year.

McGee comes to the city from Pittsburgh, being transferred from the Ohio conference to the southeast Missouri-South conference. He is known as a builder throughout the CME connection, and has given the greater part of his past life to ministerial work.

Rev. McGee is very interested in civic work and wholesome recreation for young people of the city. He is a graduate of Butler university, Indianapolis, where he received his B. D. degree, and also attended John Carroll university in Cleveland. He is a member of Phi Beta Kappa fraternity, and holds a master's degree from the University of Cincinnati.

A former instructor at Newburg theological seminary, Newburg, W. Va., he is considered one of the most outstanding young ministers of the CME denomination. Rev. McGee is married and has two children, one son, graduate of Lane college, now teaching in Los Angeles, and an 11-year-old daughter at home with her mother, Mrs. McGee.

A welcome banquet and appreciation program will be sponsored by the stewards and matrons of St. John CME church Saturday evening, Nov. 22, at 8 in honor of Rev. and Mrs. S. L. McGee and daughter. Welcome has been extended to the public to meet the new minister. Mrs. Liedeia Pearson leads the stewards' department, and Mrs. Ruth Burnett is head of the matrons.

Mrs. Frank King, 1218 So. Lafayette, has come on record as the first colored nurse to get a job in any hospital in this city, being employed as a nurse at the local Methodist hospital. She has been working at the hospital for nearly two months, and is getting along fine. Before obtaining her present position, she was a seamstress for seven years, working at the Porter dress shop, trimming windows.

The housing committee of the Wheatley center, under chairmanship of M. C. Brooks, is making plans for a housing conference to be held at YMCA Friday night. The Wayne will be main topic of Housing as affecting Negroes in discussion. Among experts on the discussion panel will be Dr. Frank Wayne, some of the public housing expert's office; Dehart Hubbard, National Federal Housing administration, Cleveland; and George B. Nesbitt, public housing administration in Chicago.

The voluntary institute of Wheatley center closed with a discussion led by Mrs. Harold Zink from the office of the Chamber of Commerce on "How to Interest Volunteers" Thursday. Everyone had a swell time romping and reeling about at the skating party Monday at Riverside skating rink. Friday night the teenagers are spending an evening of dancing and social recreation at Wheatley center.

Adults attended the Wheatley center annual dinner, highlighting the formal program of achievement for tea social center, Thursday night of this week. Some of the center's steps of progress have been brought to the eyes of the community in the pictorial section of the News Sentinel Nov. 1.

Mrs. Mary E. Neal, Nashville, has been in the city for three weeks. She may decide to live here, if she likes the city enough.

Messrs. Edd E. Hunter, Don Russell, and Louis Taylor are home on the city on a six-day leave.

The St. Paul Gospel Radio singers were at Union Baptist church Saturday. Rev. James Buggs opened the meeting, which included a prayer by Rev. Graham Jordan, pastor emeritus of Union

## Two Gary Men Win City Council Posts

### Inside Anderson

By HERBERT CAMERON

ANDERSON — The Delano Progressive club, a Democrat organization, really executed a marvelous task of vote-getting in the last local election. They pointed out to white and colored voters alike, the importance of a change. I will have to admit that since such a change has been signified and will be effected soon, the old town seems to take on an exhilarative atmosphere. Everybody seems happy and gay and satisfied. The only way one can tell a Republican is by the way he squawks about how the Republicans didn't vote. The Republicans voted, but most of them voted for the straight Democratic ticket. After listening to all the pros and cons of what could have happened and what actually happened, the whole thing boils down to this: The Republican party lost everything in Anderson just like all politicians lose anything. THEY DIDN'T GET ENOUGH VOTES.

The Delano Progressive club uses the means of this column to express its appreciation and gratitude to the voters of Anderson for voting for what it believes to be a better government for all the people, as laid down by the Democrat party, the common man's choice.

There never was and never shall be a more solid group of Republicans anywhere in the country, than was here in Anderson the day after election. They just knew they had the election in the 'bag' and were not worried about a thing. So certain were they of this belief, they refused to have any Republican candidates run against the incumbent mayor, who ran for reelection. That was a move that tended to force upon the people of Anderson the desire of a few Republican party leaders. It left the people no alternative. The results of the strategy laid down by the Republicans was that each and everyone of them was decisively defeated at the polls as all the Democratic nominees were swept into office as the people remembered. McDonald, nominee for mayor, piled up as great a plurality over his Republican opponent, Mayor Rotruck, as has ever been done in the last three decades. The people spoke their minds overwhelmingly in every neighborhood in Anderson.

As Negroes I think we are doing the right thing when we refuse to be tied to one party. The way the people are doing now is to vote Republican and try a man out, and if he doesn't fit the job kick him out and try someone else. We can keep on switching backward and forward like that until we finally get a good man in, and then we can keep him in. There are some good ones in both parties—but where? Let us hope that McDonald is one of them.

I met Fred Robertson, an attorney friend, who has finally won an office after three attempts, the other day as he and his wife and children came out of the theater. He won the office of city judge after being thwarted twice in his bids for the office of prosecuting attorney. We had a little kid over a new toy. He is very grateful and appreciative of the opportunity to serve all the people. I am sure that Anderson can feel proud in having Frittle for her city judge. He's only 31.

One of the results of this election will be the appointment of a new chief of police. This significant fact is hailed by many thousands of people with great jubilation. Many instances of police brutality, meddling in private and personal affairs, and Gestapo methods, which have occurred in the not too distant past, are fast approaching an end.

In Hazelwood, which is predominantly colored, only two colored foot patrolmen are on duty from 8 p. m. to 1 a. m. When one o'clock ticks around they must report up town for duty as what you might call nightwatchmen. At 1 a. m., they knock off duty and go home. I have stated this fact to let you know that up until this moment, we residents of Hazelwood have only five hours of police protection each night, with the exception of Mondays when we did not have any protection at all. That amounts to 3 hours of police protection a week. We are supposed to feel safe and secure under

### GARY EDITOR AWARDED MEDAL FOR HUMAN RELATIONS WORK

H. B. Snyder, editor of the Gary Post Tribune and president of the Gary Urban League's board of directors, and Dr. Mordecai Johnson, president of Howard University, shared the spotlight at a meeting held in the Senate Branch YMCA Sunday.

Mr. Snyder was awarded a medal by the YMCA for his contribution to human relations, while Dr. Johnson delivered the main address before the assembled group. The human relations medal is the first of such awards and will be made annually to the citizen within the state who has done most for human relations during the year.

so much protection. Is it any wonder that our women cannot walk down the streets of Anderson without some man driving up close to the curb and asking for a date, or insulting them in some way or other? Is it any wonder that young hoodlums are again taking up crime waves where they left off before they were called to the Armed Forces? Two men cannot do it alone. We need and desire 24 hours of police protection in our neighborhoods, with scout cars and detectives, just like other neighborhoods are protected. We don't condone crime and respect the gun toters and knife wielders who would give, not only our own community but our city, a black eye by their actions. And we are tired of people coming to us from other neighborhoods looking for things that are bad and ugly and which they think can only be found in our neighborhood. I feel certain those of you who have asked for this kind of a column will interest other decent and peace-loving citizens of our town in this campaign to clean up Hazelwood and Anderson of its petty hoodlums and cheap racketeers.

The results of November 4 were in the form of a protest over what has happened in the past under indifferent leadership.

Last Saturday evening I was over at Mr. and Mrs. Will Jordan's home, 1525 Sherman st., delivering some of the face creams, lotions and hair products I sell, and her son, E. V., was home on a furlough from the United States Army. He was spending part of his 15-day leave with them. Naturally, I wanted to know how he was getting along. He has been in the Army for five years and is due to be discharged in October 1948, if he doesn't re-enlist. He saw frontline action in the hell-holes of Hitler's Europe when the Allies stormed the beach at Normandy. Now he is stationed at Brooklyn, N. Y., at the Brooklyn Army Base. There are approximately 500 colored soldiers stationed there. There is no segregation on the base, whatever. All soldiers, white and black, sleep together in the same barracks and eat together in the same mess hall. The Army certainly acts strange sometimes. E. V. told me that all of the soldiers act like brothers and are effecting an understanding of each other's problems and finding out that all of them are very much the same, that is, equal opportunity, equal privileges, and a chance to live like real Americans should live. . . in decency and cleanliness. Such relationship and such understanding mean only one thing for tomorrow — A BETTER AMERICA FOR ALL PEOPLE.

### INVENTION OF EX-R. R. WORKER TO END WRECKS

By JAMES B. LAFOURCHE  
MIAMI (ANP)—If all goes well with William Thomas Parker, retired railroad employee who is barely existing on a \$55 month pension here, he'll have to file an income tax return by next March 15, and here's why.

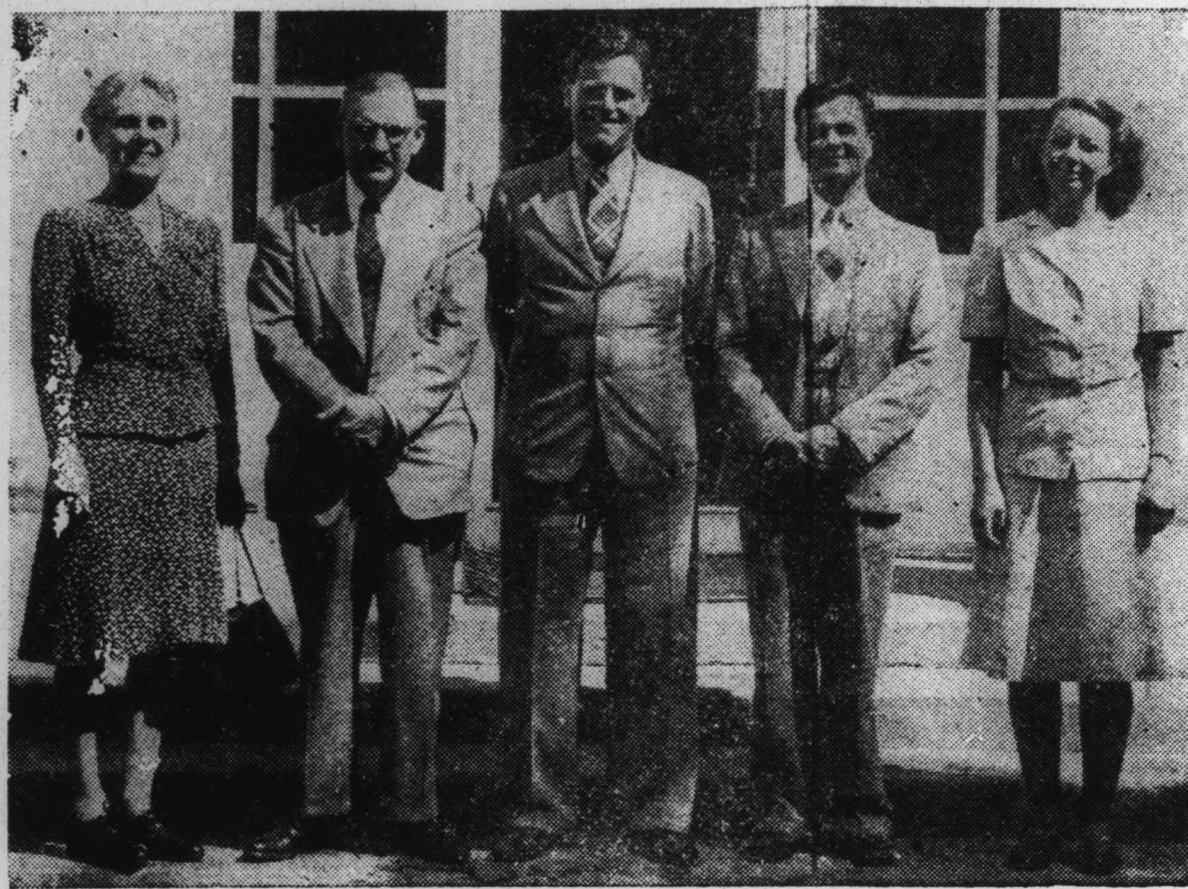

The 70-year-old Parker has obtained his preliminary patent papers of an invention which, if it proves practical, will put to an end for all times the possibilities of railroad wrecks.

There are a lot of people who have fantastic dreams and who depend on some powers of occultism to guide them into the realms of invention, but not so with Parker. He has worked on railroads and in railroad shops all of his life, and when he tells you why his invention is as sound as the proverbial dollar, he offers you the proof at the same time.

This invention of Parker's has to do with triple wheel surfaces, and all on the same axle. Should the occasion arise for the main wheel to leave the rails, a second wheel surface would automatically come into being and support the car. This second surface is so formed that by running it along a "re-railer," which would be set in the roadbed, the main wheel surface would be restored to the rail.

This method Parker claims, would allow a train to run off the tracks for miles and then gradually re-rail itself without even slowing down.

"They could equip a whole railroad for the price of one or two wrecks," the old timer remarked. "Since 1895, the inventor has worked in yards in Mobile and Birmingham.

### Styles New Senator From Miss. a Liberal

CHICAGO (ANP)—The victory of John C. Stennis of Mississippi over Congressman John Rankin and an assortment of less well-known Mississippians in the race for the late Theodore Bilbo's seat in the United States senate late Tuesday has not only the political world agog but has the country at large talking.

Most people had never heard of Judge Stennis and while they were willing to admit that Mississippi had turned over a new leaf in turning down cheap, hate-mongering Rankin, still they could scarcely believe the electorate of the state would have chosen a man who was not representative of the general low level of social consciousness in the state. They wonder what Stennis is like.

Henry C. Brown, tonsorial artist and operator of one of Chicago's most prosperous barber shops, deacon in West Point Baptist church and an ex-Mississippi plan who says "It's a good place to be from," nevertheless has high praise for Judge Stennis.

"John Stennis is about four or five, said Brown Wednesday. "I knew him as a boy in Dekalb where he lived in Kemper county, Miss. We were both born and grew up there. He comes from a fine and substantial family. I worked for one of the older brothers, one of the kindest and most considerate of men. The family is one of the wealthiest in that section of the state. His father owned 6,000 acres of land and I had always heard it said that they migrated from the north to Mississippi two or three generations ago.

"John Stennis about four or five years younger than I am," Brown continued, "but he and his sisters and his brother used to visit the

### Okla. Nurses Ass'n. Votes Admission Of Negro Nurses

homa Nurses association at its annual convention in Lawton, Okla., Oct. 30, voted to admit qualified Negro nurses to full membership for the first time. Negro nurses representing branches of the National Association of Colored Graduate Nurses (NACGN) were present when the action was taken.

The NACGN together with the American Nurses association (ANA), has been campaigning for some time to remove discrimination in state nursing associations, since membership in the ANA can come only through membership in the state nursing association.

Oklahoma is the second southern state this month to act to ban discrimination in the nursing ranks. The Kentucky State Association of Registered Nurses, at its October annual meeting, admitted Negro nurses to full membership. The Oklahoma Nurses association makes the fourth such organization to take this step within the space of a year's time. Since the end of the war, seven of the 14 state nursing associations that barred Negro nurses from membership have removed their barriers. The other state organizations are Florida, Delaware, Maryland, Tennessee, and Kentucky.

### Land Grant College Heads Back Adult Education Project

WASHINGTON (ANP)—Forsaking the mere training of people to read and write their names and calling it adult education, the new project for adult education of Negroes being sponsored by the U. S. Office of education has won the endorsement of the president of Negro land grant colleges. In their meeting here last week the college heads spent some time listening to reports of various phases and have promised their cooperation in carrying forward the work begun by the project and which eventually would have had to be handed over to private auspices.

Responding to the theme, "The Obligations of the Land Grant College in the Area of Adult Education" and with Dr. Ambrose C. Miller of the U. S. Office of education who initiated the project, opening up the program, the college presidents heard Dr. R. O. Johnson, assistant director, Miss Ella Washington Griffin, editorial assistant who prepared and selected the extensive instructional materials; Dr. Muriel Brown, inter-collegiate committee on adult education and J. C. Evans, acting civilian aide to the Secretary of War.

### COL. W. F. LUCAS WINS LEGION OF MERIT AWARD

NEW YORK (ANP)—Col. William F. Lucas, former commander of the 87th anti-aircraft automatic weapons battalion, was presented the Legion of Merit by Major Stanley W. Irons of the army recruitment service, in appropriate ceremonies in the federal building Brooklyn, last Wednesday. The medal had been awarded Lucas by Gen. Douglas MacArthur, commander in chief of U. S. armed forces in the Pacific, for "exceptionally meritorious conduct in the performance of outstanding services during June 12 to Aug. 2, 1945."

Lucas was then lieutenant colonel in command of the 87th, assigned to the 10th army anti-aircraft brigade. While awaiting an assignment to Okinawa, the unit was sent on relief duty to the island of Zamami in the China sea, just southwest of Okinawa. Its mission was to relieve the regular specially mountain-trained unit and to clean-up remaining Jap survivors on Kerama Retta who still menaced the navy with suicide boats, rifle and mortar fire. The battalion, at two-thirds strength, performed daily and nightly amphibious combat missions for 55 days before being relieved by the 24th Infantry regiment.

Individual citations and awards of battalion members were also made, including the award of conspicuous Service cross (posthumously), the Bronze Star, Purple Heart and Soldiers medal.

Lucas also commanded the 369th anti-aircraft group from April, 1944 until it was deactivated in November, 1944. A product of 28 years service in the New York National guard, the old 15th and 369th, he is a graduate of the infantry, coast artillery, and command and general staff schools. He was the first Negro officer ever assigned to the staff school as a student. He holds his colonelcy as a member of the organized reserves.

In civilian life, Col. Lucas is a certified public accountant, a field in which he pioneered as the first Negro to attain the degree in the state. He is a graduate of the college and graduate school of business administration, New York university.

### JIMCROW FIGHT LAUNCHED BY NAACP OF LA.

RUSTON, La. (ANP)—An all-out offensive against all forms of discrimination and segregation in Louisiana was launched Friday by the State Association NAACP branches which held a two-day meeting here and announced its policy through State President Daniel E. Byrd stating: "This conference adopts an unalterable and uncompromising position against racial and religious segregation in any form whatever." More than 40 branches from all sections of the state were represented at the conference.

The unanimous opinion of members at the meeting was for immediate action, through legal channels, in furthering its program. In connection with the statewide drive for full citizenship for Negroes, 14 resolutions were adopted.

The removal of all semblances of discrimination in Louisiana state educational system was the intent of the first resolution adopted. The present system was condemned as unconstitutional, unlawful and immoral.

Second in importance was a resolution on civil rights which called upon the President of the United States to enforce laws which provide equal protection for all citizens, and called upon the United States attorney general to prosecute persons who prevent Negroes from registering and voting solely because of race or color.

Another resolution called on congress to enact anti-lynching legislation.

The practice of white daily newspapers to emphasize crimes by Negroes or to disrespect and ridicule Negroes was condemned as a "vicious and unethical violation of the responsibility of the public press."

Pointing out that the state guard is designed to guarantee protection to every citizen of the state and that if any segment of the population is excluded from membership the Guard could degenerate into an instrument of oppression, the conference condemned the exclusion of Negroes from the Louisiana State guard and pledged to exert all efforts to see that Negroes are included.

NAACP branches throughout the state were called upon to carry on a continual and unrelenting campaign among Negroes to educate them in the use and purpose of the ballot.

Other resolutions dealt with rent control, fair employment practice legislation, participation in non-discriminatory trade unions, the return of the Employment to federal control, minimum wage legislation, social security, discrimination in state government employment and the Taft Hartley act.

Among those who delivered addresses were J. K. Haynes, president of the Louisiana Colored Teachers' association; Mrs. J. A. Craft, of Dallas, Tex., state organizer; Thurgood Marshall, special counsel of the NAACP; and Donald F. Jones, regional NAACP director of Dallas, Tex.

### Ga. Family Held in Slaught of Farmer; Mob Action Feared

EL LAVILLE, Ga. (ANP)—Five members of the Ingram family here are being held in separate cells for safekeeping on a charge of killing a 64-year-old white farmer, John E. Stratford, according to Sheriff Edgar Devane. The members of the family are Sammy, his mother, Mrs. Rose Lee Ingram, and his brothers, James, Wallace and Charlie. Another brother, Jackson, is being held for his own protection against possible mob violence, although he was not present at the time of the slaying.

Devane said that Stratford had apparently been struck over the head with his own rifle in the course of a dispute about a trespass on his cornfield by stock of the Ingrams. Stratford was hit also with a hoe and a hammer. Devane said Sammy Ingram admitted that he struck the farmer so hard with the hammer that he had to pull it from Stratford's head.

### "SECRET FILES" ON HATE GROUPS STOLN FROM GA. LAW DEPARTMENT

ATLANTA (ANP)—Persistent raiders on the offices of the Georgia law department made away with "voluminous secret files" containing the names of "many prominent persons" identified with the Ku Klux Klan and the Columbians. Atty. Gen. Eugene Cook disclosed last week. "Other highly important and confidential papers either were taken or examined and the desks were ransacked," he said. This theft, however, would have no bearing on the successful court efforts of the state to revoke the charters of the hate organizations, he said.

Cook said the "top-secret" data was kept in a locked cabinet in separate files which never were removed from the office.

### Democrats Win

## Gary City Council Candidates Elected

GARY (NNPA)—A study of the election returns of November 4 shows that Eugene Swartz, Democrat, was elected mayor of the city over his Republican opponent, Clarence H. Smith, of the Negro vote.

The new mayor was elected by a majority of about 3,000 votes. Returns from the thirty-one precincts in the fourth and fifth districts gave Swartz 8,018 votes, and Smith 5,064.

For the most part colored voters voted straight tickets, although the e were six colored candidates on the tickets. Colored candidates ran behind in the foreign-born precincts of the fourth district, but ran slightly ahead of the rest of the ticket in the predominantly colored districts.

Two colored Democrats won places in the city council for the next four years. They are Benjamin Wilson from the fifth district and Terry C. Gray from the city-at-large.

Herman M. Anderson and Samuel Wells, Republican candidates in the fourth and fifth districts, respectively, were defeated by wide margins. Theodore P. Ross, Republican candidate for councilman-at-large, also was defeated, although he ran ahead of his running mate, Don F. Van Liew.

James McKinney, Republican candidate for fifth district councilman in East Chicago, Indiana, also was defeated. Mr. McKinney, the only colored candidate on the ticket, was opposed by the powerful gambling and political machine of the Sheet Capone syndicate.

## Low Cost US Housing Urged by HHFA Head

WASHINGTON (ANP)—The construction of more low-cost housing, removal of restrictive covenants, and more consideration of the suggestions offered by Raymond M. Foley, administrator of the new housing and home finance agency, as immediate steps toward the solution of the present housing problem.

Addressing the United States Savings and Loan league convention at San Francisco recently, the new housing administrator declared that the weakness of the plan to build a million houses a year for 10 years lies in the fact that the country's housing needs cannot be measured number-wise. The most important classification is that of supplying the needs in accord with the income levels of the people. He expressed the agency's awareness of the high cost of production of maintenance and of servicing which have greatly handicapped industry in building houses for lower-income people.

Other problems have been created in the housing industry, other than that of construction cost, the administrator pointed out. These problems which have arisen in areas of housing, such as slum clearance, blight rehabilitation, and minority group needs, must be solved, he declared.

There is a growing public demand for a solution—not a generation hence—but soon, he said. "We have today, more than ever before, a great mass consciousness of the importance of decent housing socially and economically. It cannot be ignored. It recognizes the advance in American standards; it compares our slums, our bad rural housing, with our advance in other directions—and it cries out for achievement."

The restrictive covenant is another factor in the housing situation which should be outlawed according to the administrator. He told the league that "restrictive practices must be removed wherever they may exist and add unnecessarily to the cost of housing."

The question of public versus private housing raged during war years and remains; added to that has been the veterans' problems and the soaring building cost making the difficulties greater. There has been controversy over the estimates, and controversy over the means of filling them. All this time the demand for more and better housing continued to grow, until the estimate of needs has mounted to many millions.

The new over-all housing agency won't and won't perform any miracles in solving these needs, the administrator pointed out; but it will examine the private building industry and offer devices and services intended to help. Management, labor, finance, and government are the four main factors in the private building industry and must work together as a four-horse team, he declared, as no one or two or three can pull the load alone. The production cost of overall

housing is the root of all of this difficulty said Mr. Foley. "It is too high. It must be brought down and measured in terms of the paying ability of the middle and low-income families.

It is the purpose of this new housing agency to aid and stimulate private enterprise in reducing the housing cost and in attacking the problem of housing areas. Some form of public aid is necessary to assist private industry in solving these problems.

Foley suggested, however, that public aid found necessary in the housing field should be shared by federal, state and local governments. In this way the federal government serves in the direction of assisting, rather than competing with other private enterprise or local community activities. Here the use of government credit and funds provides incentives and safeguards for investment of private funds.

His housing expert expressed his belief that this country can progressively apply its fundamental principles of private enterprise with success in housing; and pledged the help and cooperation of the new government agency.

## COPS 'DERAIL' UNION AIDE ON GA. TRAIN

ATLANTA (ANP)—When the Flagler crack streamliner operating between Chicago and Miami over the N. C. & St. L. and L. & N. R. R. lines, arrived here Thursday, several city policemen, a railroad detective and a special policeman, met in order to remove from one of the non "Jim crow" coaches, H. L. Stevenson of Chicago, an official of the dining car waiters union. Stevenson, who had boarded the train in Chicago, had a ticket through to Miami in an all-coach train and Negroes are usually given reserved seats in the front coach even when they get on at northern points.

Stevenson, when approached at Nashville, Tenn., to move. When the train reached Chattanooga, he still refused to leave the coach for the colored car. Railroad detectives met him at both cities. When he arrived at Atlanta, however, the police were there in force and bodily put him off the train.

The union man who was en route to a labor hearing in Miami arranged for other representation and flew back to Chicago, announcing he would file suit against the railroads as soon as he arrived.

### NMCA BOARD HEARS ALFCA FOR ACTIVITY AMONG AFRICANS

CHICAGO (ANP)—The meeting of the International Board of the YMCA's of Canada and the United States, held at the Palmer House here Saturday and Sunday, heard pleas by Dr. Channing H. Tobias, a member of the board and Dr. George E. Haynes who has just made survey of the YMCA work in Africa, calling for the establishment and strengthening of the work in Africa.

Dr. Tobias who opened the meeting with prayer and a devotional period, translated into his religious presentation, a powerful plea, for brotherhood when considering the problem affecting the African people and urged the group to get a vision of the need.

## THE NEXT MAYOR OF INDIANAPOLIS

Voters of the city of Indianapolis last Tuesday elected a Mayor, Al Feeney to direct the destiny of the city for next four years beginning January 1, 1948. He will be the Mayor of all the people.

Mr. Feeney a Democrat is not a newcomer to the local political scene. By reputation he is a man of independent thought and action, with ability in many directions. His campaign slogan was "I will restore the good name of our city."

No one has come forward to interpret this implication against the "no mean city of homes." But vice, crime and kindred evils have bordered on a new high in our community all during the war and the post-war era to date.

Mr. Feeney has promised an orderly efficient police department. He also promised to repress or stop crime and gambling and evils associated with gambling. In election seasons "tax reduction" and the great urban areas "gambling evils" make good campaign "bally-ho." But the local crime parade in connection with liquor traffic and gambling evils has been such that something must be done about conditions. The Recorder has trained its guns on the condition, and it is sufficient to say we will stand by for future action.

During the campaign nothing was heard about the city's housing problem, larger or improved hospital facilities, new and improved recreation facilities, promotion of the highest possible levels of employment for all workers and the promotion of economic and civic equity in our community.

But such things inescapably must be associated with "the good name" of any good community in these changing times. And Mr. Feeney may stand committed to action in his pledge for a "good name for our city."

We salute the new Mayor, he has a hard job to fill, in any examination of the role of Mayor of our city. We believe he is able or capable of fulfilling his obligations or responsibilities as Mayor. And we wish him a commendable, constructive administration such as may be acclaimed by all the citizens of the city in future time.

## ELECTION OF CITY SCHOOL COMMISSIONERS

The choosing by voters of our city of persons to serve on the Indianapolis Board of School Commissioners finally became a highlight in the recent city election. But some practical observers of fair repute charge widely that the real issue or issues relating to their selection and election were distorted or beclouded.

Such observers note that hundreds of thousands of citizens have had no part in the nominating of candidates for the school board heretofore. Further they charge that the people have been fooled with the talk of "keeping the school system from pressure groups and out of politics."

Citizens now come forward and state that they are prepared now and hereafter to challenge the manner in which candidates for the school board have been picked. They also challenge the "flexible charges" of pressure groups and politics in the city school system.

Upon examining the opportunities and duties or responsibilities of members of the school board, one must conclude practically that members should be persons of normal business ability, fair reputation and democratic attitudes. And in pooling their general resourcefulness the ends of a democratic way of life are to be served.

Members of the school board elected last week are confronted with issues and problems, some of which it is said many of their supporters wish to avoid. Among these are the "hot potato" of jimcrow schools, new school buildings, repairs of buildings and maintenance in the face of rising costs at every turn of the way.

In regards to jimcrow schools President Truman's Committee on Civil Rights recently called for "abolition of segregation in local public schools and the establishment of a fair educational practice program directed against discrimination, based upon race, creed, or national origin in the admission of students to private educational institutions."

Many places over the nation such a program is now being instituted, New York City, Cleveland, Detroit, Chicago, San Francisco and elsewhere. In these areas teachers in the school systems may teach in any schools of the cities and children attend schools in the districts where they live.

In Indiana the promising and progressive city of Gary has set a standard and pace in the abolition of jimcrow schools. Indianapolis must be next. And the new school board entering upon its duties January 1 faces a challenge on whether it represents genuinely the best interests of all citizens as its supporters have claimed.

## JOHN E. RANKIN ON THE WAY OUT?

John E. Rankin, aspiring to the mantle of the late Theodore G. Bilbo as the leading "champion of white supremacy," apparently has lost the race in Mississippi for a seat in the U. S. Senate.

Time and all that enters into this observation are lost, but it is significant to note that Rankin, protege of all the affinities of the "old order in Mississippi and the South" may be on his way out. His opponent, John A. Stennis, a circuit court judge did not win with the "white supremacy" hoakum.

This may indicate as Abraham Lincoln is credited with saying, "you can not fool all the people all the time." It is obvious that the people of the South or Mississippi have been fooled a long time or otherwise voting laws contrary to the U. S. Constitution would not prevail. And it follows that if all the people voted in the South travesties on our Republican form of government, like Rankin and his affinities could not exist.

A lot of water has flowed under the bridges of the land since Booker T. Washington said, "you can not keep a good man down in a hog-mire without staying down with him." And the masses of people of the South aspiring only to repression of black men have damned their own progeny.

But the condition in the Southland must be credited to powers or influences of that section which have survived by exploiting viciously black men and all those who would repress them. All the "Bilbos and Rankins" have been "facile tools" of the system. But the masses of people are the key to the end or survival of the system. And on the horizon indications are that they may no longer answer to their own hurt. Thus the highest offices the voters of a state have in their keeping as sovereign electors. And Rankin and his fellow travelers in Dixie politics may be on the way out.

## LOW COST HOUSING, TO BE OR NOT TO BE?

Following the recent reorganization of all federal housing organizations as the Housing and Home Finance Agency, Raymond M. Foley, administrator announces his stand for a practical program of construction of low cost housing to meet the nation's pressing housing problem.

Speaking in San Francisco recently Mr. Foley implied that the housing needs of the nation may not be met prac-

## POLITICAL GNATS AND CAMELS

There has been of old some dispute as to whether it is better to have a good hand in cards and be a poor player, or to have a bad hand and be a good player. In the last analysis even a master player to "duck out" with a good hand.

We are set out here to speak of the masterful way President Truman is playing his hand as a politician. His political godfather, the late Ferdinand of Kansas City, would doubtless smile with pride could he see some of Mr. Truman's political wizardry.

One of the latest evidences of this political wizardry can best be seen in his appointment of the civil rights committee in the report. The things said should have been said and the stand taken is most laudable. In fact it is barely possible for much good to come of the political gesture. Its educative effects upon the public mind of the nation and world cannot be ignored.

The world must become accustomed to hearing such wonderful sentiments expressed but there is greater need for the implementation of such documents. This writer believes that the time has come when it is not as futile, as some suppose, to resort to legal enactments in order to enable certain influences to function in this matter of race relations. The soul of America has grown considerably during the last two world wars. Young white America is ready for the advance, and only a sector of the oldsters are die-hards in this sphere of human relations.

This country will stand for a good many more big things than is generally suspected. Who would have thought a Negro champion would ever have been as popular as Joe Louis? Who would have suspected that Jackie Robinson would have been heralded by the baseball public in his first year in the majors? Who would have even faintly imagined that Georgia would

have given over half of its votes against a "white supremacy" demagogue? Who would have thought that former Governor of Georgia Ellis Arnall would have become one of the outstanding political figures of the nation because he refused to bow to the Baal of political demagoguery?

These things are solemn reminders that America is growing in her spirit. This growth is entirely something aside from Mr. Truman's political gesture in his civil rights committee. Mr. Truman knows quite well that there is a tacit understanding between the north and south that the north will do nothing that can be construed as an affront to the south on matters of Negro-white relations. The north passes up each and every opportunity to fly into the face of the south. This is most clearly evidenced in the failure of congress to enact an anti-lynching bill or an anti-polit tax bill and in the inglorious death assigned to the F. EPC.

The death blow given the FEPC was doubly fatal because the measure was designed not only to safeguard the rights of Negroes, but all working classes. Yet congress would sacrifice the rights of the entire labor works if they were too closely entwined with Negro advance. Herein resides the tragedy of this tacit north-south alliance which is in essence an anti-Negro alliance.

Not only has there been a flagrant disregard of Negro rights as conceived in certain attempted legislation that dismally failed of passage, because of the unholy north-south alliance, but this nation has stubbornly refused to function in the case of lynchings of recent dates. The quadruple lynching in Georgia has gone unavenged, even though it rose like a stench in the nostrils of the astonished world. It was even once rumored that FBI agents were in charge.

Then there is the Greenville, S. C. travesty of justice where even confessed lynchers were left unchastened, to say nothing about the more recent case in North Carolina where confessed attempted lynchers were allowed to go free under one pretext or another. These are political gnats. The civil rights committee reported a camel. To swallow or not to swallow is the question. Straining at gnats trying to swallow camels!

tically, if the elusive "million units a year program is instituted." He stressed the practical course of supplying needs in accord with the income levels of the people.

"There is a growing public demand for a solution, not a generation hence but soon. We have today, more than ever before, a great mass consciousness of the importance of decent housing, socially and economically. It can not be ignored. It recognizes the advance in American standards; it compares our slums, our bad rural housing, our advance in other directions; and it cries out for achievement," Mr. Foley stated.

Further he pointed out that the new federal housing agency can not perform miracles. But in surveying the significance of the problem he commits the federal government to a practical program of better housing.

With his experience and information Mr. Foley says, It cannot be ignored." We say, "it may be ignored but the nation's elder statesmen would make a better bet in spending a few billions in homes for its citizens rather than fifty-four billions to restrain possible changes of political ideologies in some areas of Europe.

## In The Nation's Capital

By LOUIS LAUTIER  
For the NNPA News Service

The report of the President's Committee on Civil Rights contains thirty-five major recommendations. Of that number, twenty-three call for Congressional action, seven for legislative action, one for action by the Congress and the executive branch of the Government, one for administrative action by the heads of state police, one by the permanent Commission on Civil Rights and the Joint Standing Committee on Civil Rights in the Congress which the committee recommended be established, and one for action by the permanent Commission.

If the adage that charity begins at home may be applied to leadership for bringing the United States closer to the goal of human freedom and equality, it would appear that the President should first take action in those matters where his authority is unquestioned. One recommendation calls for Congressional action to end race and religious discrimination and segregation in the armed forces. Legislation in this regard is only necessary if the President, the Secretary of Defense, or the Secretaries of the Army, Navy and Air Force will not act. The President as Commander-in-Chief of the Army and Navy certainly has the authority to order the abolition of segregation and discrimination in those services.

(The Air Force is omitted because there is no provision in the Constitution making him the Commander-in-Chief of the Air Force.)

Moreover, the Secretary of Defense, or the Secretaries of the Army, Navy and Air Force may order the abolition of segregation and discrimination in the three services and the other Secretaries in their respective services.

The President may have federal grants-in-aid to the states screened to determine whether, in those states where race segregation is maintained by law, an equitable share of such grants are actually being received by those segments of the colored population which they are intended to aid.

He can require the United States Office of Education and the Agriculture Department to see that states comply with existing federal law requiring an equitable distribution of federal funds between white and colored land-grant colleges in Southern states.

He might have the Government set the example in the matter of fair employment practice. First, he can direct the Civil Service Commission and the executive departments to hire and promote workers solely on the basis of merit and without distinction as to race, color or religion. Then, he himself could set an example by making Presidential appointments on the same basis, or on the basis of the political services a person has rendered or on the size of his donation to the Democratic party.

He may require contractors with the Federal Government to employ and upgrade their workers without regard to race or religion. Decisions of the Comptroller General uphold this authority of the Government of specify the terms and conditions under which it will do business with anyone. He can require hospitals under the administration of the Army, Navy, Veterans Administration and the Interior Department to admit doctors and nurses for training and for practice.

He can direct the Commissioners of the District of Columbia to require that all public or publicly supported hospitals, parks, recreational facilities, housing projects, welfare

do with the worker's standard of living.

Secondly the average union leader and his followers look on the union movement as purely a device for squeezing wage increases, shorter hours, and better working conditions out of a stubborn employer. Besides most workers don't have a particularly high regard for their union leaders anyway and are quick to resent efforts by the unions to extend their influence beyond the plant or shop.

The two reasons given above are due directly to the failure of union leaders to sell the union movement to the American public as a strong organization interested in the welfare of all the people. Through lack of idealism, or shortsightedness they have also failed to convince the average worker that the unions might become strong tools with which he can win far more from our society than better working conditions. Until this is done there will never be a really effective labor vote in America.

## Voice from the Gallery

By ANDREW W. RAMSEY

Negroes and members of other minorities who greeted with jubilation the retirement of the blatant bigot, Martin Dies, from the public scene are coming to the realization that their rejoicing came too soon.

Because Mr. Dies' heir as chairman of the House Un-American Affairs Committee is presently outdoing his fascist-minded predecessor in attacking liberals and progressives in an ebbing our native fascists.

And Mr. J. Parnell Thomas is a much more dangerous man than the objectionable Mr. Dies, because he is a much smarter man than the Cro-Magnon from Texas. He is better able to copy the technique of those who paved the way for the rise of Hitler.

Mr. Thomas also knows better how to arouse the unreasonable in man as a political animal. He knows that he cannot whip up men's passions with the false cry of communism without getting them ultimately to support a very real racial and religious tyranny.

Mr. Thomas is also aware that the American people are really interested in supporting no strange ideology so long as they think that democracy is working. He knows that America is as indelibly anti-Communist as the Germans were latently anti-Jewish and he is using this natural antipathy just as Hitler used the dormant Teutonic anti-Semitism.

The illustrious gentleman is likewise cognizant that no one above the mentality of an imbecile could be indoctrinated with communism or even with

democracy by the insipid escapist productions of the moving picture cartels. He has created a ghost in the minds of millions of Americans and he sets himself up as the knight errant to lay this ghost. It can only be exercised by the fire of fascism.

The great American inquisitor is sufficiently familiar with the American constitution to know that the treatment dealt out to Negroes in every one of the forty-eight states is really un-American but he has never mentioned the activities of the Ku Klux Klan, The Columbians, The Silver Shirts, the real estate boards which foster restrictive covenants against Jews and Negroes nor any of the other flagrant violators of the civil rights of American citizens.

He has failed to score the jimcrow policies of the American Army and Navy nor to attack the vicious segregation practiced in the nation's capital. Not only has he failed to cite these prime examples of un-Americanism but he has even condemned those who object to Washington jimcrow.

Mr. Thomas has never publicly censured the anti-Negro and anti-Semitism of his foul-mouthed colleague, John Rankin.

No, all of his attacks have been directed at liberals and at Negroes who may have protested ever so feebly the gross injustices heaped upon them by the people that Mr. Thomas' committee publicly fails to censor and privately aids.

The recent antics of Mr. Thomas' committee have emphasized the fact that once again we are in a period such as Thomas Paine described in his famous phrase "These are times that try men's souls." It is time that the thinking citizens of the country serve notice on congress that we want democracy and all of its fruits and that we are getting tired of being stood up while our elected representatives are busy exorcising ghosts.

agencies, penal institutions and concessions on public property cease practicing race discrimination and segregation. There is no law requiring such segregation in Washington.

He can also direct the District Commissioners to hire and promote employees of the District Government solely on the basis of merit and without regard to race, color or religion.

There are other recommendations of the committee which may be put into effect by the President or Cabinet members without Congressional action. But if action were taken in the specific matters pointed out, it would be an incentive to the Congress to follow his leadership.

## CIVIL RIGHTS REPORT LAUDED OVER NATION

WASHINGTON (ANP) — The report of the President's Committee on Civil Rights has been acclaimed by a number of religious, labor, civic, political and welfare organizations, the majority of whom have expressed their desire that the recommendations be immediately put into action.

Dr. William H. Jernagin, director of the Washington Bureau Fraternal Council of Negro Churches in America, congratulated President Truman for "pursuing an ideal that has found its first fruits in the publication of this report on freedom and liberty" by determined action on the part of the committee. "This committee the government."

On behalf of the national council of the United Negro and Allied Veterans of America, George B. Murphy Jr., the national commander, said that his organization was "confident that this report can become the basis for an objective analysis on the part of the government of the application of long-declared beliefs in freedom and equality of peoples not only in America but throughout the world."

In a letter to President Truman, Mr. Murphy declared that UNAVA "knows full well that just as the enemy was not destroyed by continued declarations against it, so the false theories of white supremacy, jimcrow, lynching, and denial of human dignity to the Negro people and other minorities cannot be destroyed without report on freedom and liberty" by determined action on the part of the committee. "This committee the government."

## Attucks Grid Squad Trails Ft. Wayne Team

By Jim Cummins

The Crispus Attucks Tigers eleven were handed their fifth straight defeat in what was to be their final game of the season by the Central Catholic eleven of Fort Wayne last Saturday, by a score of 37 to 6.

The Tigers repressed the gloom of a possible shut-out when Donald Lewis threw a pass for 24 yards to Jack Force who took it on the visitors' twenty-yard line and went on to score ending several tacklers the way.

Ben Johnson, the Tigers driving fullback went to the sideline with a sprained ankle, received in the Dayton game a week ago. Richard Murray, reserve fullback, called in to that position. He sparked the offense of the Tigers. With a heavy charging line and fast experienced backs the visitors held the edge practically all the way.

The Fort Wayne team took the initial kick-off on their own 15 and in ten plays they crossed the touchdown stripe. Beck going over for the first of the four touch-

downs he tallied. Jehl kicked and made the score 7 to 0.

Attucks took the next kick-off on their twenty yard line. Murray and Washington moved up 16. Middlebrooks then lost 20 on an attempted pass, after failing to gain enough for a "first" and ten the visitors decided to punt.

Jackson then let loose with a seventy yard spiral punt. When Attucks took possession of the ball again they went up to the "eight" if the visitors, but fumbled before they could score. Hyde tallied for the visitors, eight plays after they took over the ball. Jehl again kicked the extra point.

The Tigers got the ball after the half and an attempted pass by Haswell was intercepted by Jehl on the Attucks 18. On the next play Beck went off tackle for his second touchdown. Jehl's attempted conversion was blocked.

When Attucks got the ball again Murray took it up to the 25, but Middlebrooks lost 11 and 8 yards and Jackson had to kick out of the end-zone. The kick was good for 50 yards. Four plays later Beck scored his third tally in the 9 and Jehl failed to make the extra point.

Beck scored again the fourth

quarter following a 40-yard drive. It was after this tally that Lewis hit Force for the only touchdown made by Attucks.

TRUST FUND FOR DOYLE'S MOTHER ESTABLISHED BY RAY ROBINSON

LOS ANGELES (ANP)—A \$6,000 trust fund was set up recently by champion Ray Robinson for the mother of Jimmy Doyle, local white boxer who died from injuries sustained in a bout with Robinson in Cleveland last June.

The fund provides that Mrs. Doyle received \$50 a month for 10 years, the money for which came from Robinson's Aug. 29 bout at Cleveland with Flashy Sebastian and a recent technical knockout encounter here over California Jackie Robinson.

## TALIAFERRO HURT; CURTAIN FOR SEASON (?)

The tournament is open to all bowlers regardless of race, creed or union affiliation. The tournament highlights the UAW-CIO fight against the discriminatory membership policies of the American Bowling Congress.

Deadline for entries is Monday, Nov. 24. Entry blanks can be secured from local unions or the recreation department at 10 West Warren.

Olea Madar, director said, "We want to encourage every bowler regardless of his average to enter the All-Americans' Tournament. It will be an over-average affair with

## ZAVALA LOSES TO BEAU JACK BY 'KO' WAY

ST. LOUIS (ANP)—Beau Jack, that speedy, hard-punching boxer from Augusta, Ga., who twice held the lightweight championship of the pugilistic world, made a sensational comeback debut in the auditorium here last week when he knocked out Humberto Zavala in the fourth round after having sent his opponent to the floor seven times. This was Jack's first fight since he retired from the ring 19 months ago to permit an injured left knee to heal.

Displaying great form, with the exception of a drag in his left leg, Beau Jack started off by clouting his opponent with a terrific right to the head 35 seconds after the fight began. This sent Zavala to the floor. In the second round, the Mexican fighter hit the canvas three times, was down for four counts in the third, and hit the deck for a nine count before rolling down again in the fourth with only 10 seconds to go.

The only visible mark on Beau Jack at the end of the fight was a rather badly damaged left eye. However, experts held that his comeback try was somewhat marred by the way he moved his left leg. They pointed out that while the muscles of his right leg stood out like whipcord, the left looked as flat as a broomstick and Jack seemed to drag it at times. Despite these comments, Jack is confident that he will be able to take on a stiff campaign leading to another title chance at Ike Williams.

## Bowling Notes

GEORGE WHITAKER

Highlight of last Friday night's classic was William "Bill" Gooch's three game total of 713 on games of 242-192 and 279 to become the first to crash this select circle at the Fun Bowl this season and the 12th in the city as a whole. Phil, captain of the second place Cotton Club team and instructor to the West Street alleys was named "Bowler of the Week" by the daily papers in their summary of the week's scores.

Incidentally, it was his second time to reach the 700 class, having rolled 711 two years ago in the same league. In the 279 game, Gooch missed a perfect game when he left the ten pin standing after what looked like a perfect strike hit. The team-mates of Captain Gooch were not so hot, however, and the once mighty Jack's Recreation and now the Poro Barber and Beauty School won the big end on the Cotton Club as Zeke Thurman scored a 623 to pace the barber boys.

Sea's Champions won all three from games from the weak Harvester team and gained a four game lead over the Cotton Club

with Hazel Mitchell high with 581. Tobak's Liquor Store won two from Oscar's Loan on the strength of Harry Brock's 554. Pat's place took two from the Woodpeckers. Ray Parler's 577 was high for Pat's men. Smith's Super Market won 2 from George's Liquor Store.

In the Social League, Link-Belt No. 1 continued to make it a runaway race as it won three games from the spirited Senate "Y" team and stretched their lead to 25 and 5. Raymond Davis was high with 520 for the leaders. The Y boys got stuck in the last four scores. Jennie Charleston being high with 496. The Van Dykes had a big night winning all three games from the Victory Mutual team as Ed. Harrell, Jr. rolled 677 and Andrew Sharpe a 613.

The Recorder Five took two games from the P. R. Mallory, declining sharpshooters of a few years back. Argus Edwards shot 58 for the newsmen and Thomas Wright was right for the Mallory men with 507. Myer's Produce Market led by the owner and sponsor Rufus Myers with 604 won two from the strong Patton Brothers. Albert Patton paced with 604.

The International Harvester team blocked the cellar exit for the Black Cats as they insisted on taking two out of three. James McNeal led with 594.

In the newly organized Individual Classic, Joe Newman leads with an average of 296 followed by William Bill Brown with 204 and Virgil Patton with 196.

The ladies on Thursday evening continued to be the greatest crowd magnet of the week and enthusiastic sponsors turned out in force to see the girls battle for top honors. M. T. Taylor, Pat Riley and Ray Barker of the Pyramid Sport Club led the rosters last week. Bubler Mitchell's Inn and M. T. Taylor are still fighting for first place each having won 24 and lost 4, with Pat's Place only a game behind in third place. All of the leaders won three games. Pat's Place won three from the Pyramid Sports Club. Nice going girls.

Block No. 3 continues to lead the Monday night Commercial league followed by Harvester in second and Stratton Mortuary in third. Late results Monday night were:

Block No. 2 won 2; Woolworth 1; Harvester 2; Ayres No. 1, 1; Block No. 3 upset by Sears and Sons, 3-0; Stratton Mortuary defeated Block No. 1, 3-0; Wasson 2 from Hotel Lincoln; Ayres No. 2 won 2 from Indpls Water. High man for the league was Dan Furman—578.

## EVANSVILLE ELEVEN LOSES TO DAYTON

Evansville, Lincoln high school eleven of this city was defeated by Dunbar of Dayton 13 to 0 at Dayton last Friday night. This was the first defeat of the season for the local eleven.

A Lincoln punt was returned to the Dunbar 33 to start another touchdown march in the last period. Williams plunged from the two-yard line for the tally.

## Ky. State Clashes With Morris Brown At Frankfort, Sat.

By A. J. RICHARDS

FRANKFORT, Ky.—Kentucky State College's "Thorobreds" will clash with Morris Brown here Saturday night, Nov. 15. This game will be the final home appearance of the "Thorobreds."

Kentucky State and Morris Brown have met four times before on the gridiron, and, with the exception of one occasion, the "Thorobreds" have always managed to come out on top. The single loss was to the great Morris Brown team of 1939 by a 27-7 score. Last year at Atlanta, Kentucky State was victorious 13-0.

They finished strong against Florida last Saturday, scoring two touchdowns in the final six minutes of play, and barely missed a tie. If they are able to take up where they left off against Morris Brown, Kentucky fans will have something to cheer about. Morris Brown, as always, will be a tough opponent, and the "Thorobreds" can not afford to let up a moment.

Coach Taylor hopes to have most of his injured players in shape for this contest. Dick Corbin, whom we thought would play last week, will most likely get into the contest. Pierre Jackson, stellar center, who did not appear against Florida, may also get into the contest. The "Thorobreds" will most likely use the following starters: Gillard and Gipson at ends, Captain Sanders and Jode Wilson at guards, John French and Merritt at tackles, Wings at center, Spurlin at quarterback, Harris and Hanley at the half back spots, and Fred Howard at fullback.

## John Hope School Cage Team Open 1st Season in IHSAA

The Mustangs basketball squad of John Hope Public School No. 26 opened the hardwood season last week as a member of the Indiana High School Athletic Ass'n. The Mustangs played Decatur Central on the gym floor of their opponents.

The Mustangs play their first home game Tuesday evening, Nov. 25 against the Plainfield freshmen. Members of the squad include William Underwood, Irtis Polin, Charles Tolliver, Sidney Johnson, Charles Bartlett, Robert Collins, Robert Coleman, Stanley Warren, Leon Bradley, Gordon Warren and Eddie Woods.

## Jackie Robinson is Honored in Chicago

### ROBINSON NAMED ROOKIE OF YEAR

CHICAGO (ANP)—Jackie Robinson, Brooklyn Dodgers star first baseman, received a trophy Wednesday night at the Regal theater from the Chicago Chapter of the Baseball Writers Association of America which had just named him "Rookie of the Year" after a poll of four writers in each major league city.

Ordinarily, the award would be made in January at the annual dinner of the Chicago chapter, but at that time in 1945 Robinson will be in Hollywood making a picture.

He received a total of 123 points, including 15 first place votes. Larry Jansen, 21 game winner with the New York Giants, was second with 105 and Frank Shea, Yankees pitcher, was third with 67.

CHICAGO (ANP)—Chicagoans had an opportunity to express their appreciation for Jackie Robinson and his accomplishments this past week, Thursday night and they did it in magnificent style at a banquet in the star baseballer's honor held at the Savoy ballroom under the auspices of the Chicago Committee of 100.

With the Rev. Archibald J. Carey Jr., serving as master of ceremonies, a roster of celebrities voiced praise for the modest athlete and the same time paid tribute to his wife who sat by his side. A splendid trophy was presented to him at the close of the event.

Jackie warmed the hearts of his audience as he responded and expressed appreciation not alone for his gift but for the manner in which Chicago fans had rallied to his support, indeed fans all over the country. He said that the tremendous turnout of Negro fans

all over the circuit had been most impressive to league owners.

Jackie admitted that he had frequently been given a tough road to travel, that gibes and insults, discrimination of various sorts not on the part of his clubmates but in areas where he had to travel, had at times made him feel he would like to chuck the whole thing and go home.

"My strongest support during these trials, however," said Jackie, "was my wife. She traveled with me constantly. She always had the wise suggestion, the comforting touch, the encouragement to go on which carried me through."

Mrs. Robinson was given an award by the "Smart Woman" magazine as the smartest woman of the year and received an ovation as she rose and in cultured, yet simple words voiced her appreciation of the honor paid her husband and her surprise at the award made to her.

Robinson had high praise for Branch Rickey. "I try not to deny newspaper stories," the star first baseman said, "but I am more than pleased with my relationship with Mr. Rickey. He could not possibly have been finer to me. Recently it was published that I complained about not receiving a higher salary or a bonus. I have never told any living newspaper man what my salary was except Wendell Smith who travelled with me. I have never given an interview on the subject but tonight I think I ought to deny the report."

Ralph Cannon, sports editor of the Chicago Herald-American, talked about the outstanding colored athletes he had known: Lucius C. Harper, executive editor of the Chicago Defender, gave a sparkling historical sketch of the Negro in baseball during which he, underlined many long forgotten or unknown facts about the entry of colored players into the game.

## JOE LOUIS SHARE IN WALCOTT BOUT REPORTED \$78,500

NEW YORK (ANP)—Forty five percent of the net gate, or approximately \$78,500, will be Joe Louis' share for his title defense against Jersey Joe Walcott in Madison Square garden, Dec. 5. It was revealed here last week when the two principals met to sign contracts in the New York State Athletic commission offices.

Should the Garden be sold out for the match, gross receipts are expected to aggregate \$250,000, making a net of approximately \$175,000. Louis will get a 45 percent cut, while Walcott can expect something like \$26,250.

Terms of the contracts, agreed to by both contestants, call for a return match next June should Walcott win, and posting of \$5,000 appearance forfeit. Walcott and his manager, Joe Webster, however, refused to sign an agreement giving the 20th Century Sporting Club exclusive rights to the New Jersey heavyweight's services if he captures the crown.

Accompanying the champion was his manager, Marshall Miles. Acting Promoter Sol Strauss represented the 20th Century. Following the customary contract ceremonies, Louis and Walcott returned to their training camps. Walcott is going through his paces at Greentown, N. J., and expects to enter the ring at about 192 pounds. Now he weighs 200.

Louis is defending his title for the 24th time since he kayoed Jim

### Marshall Signs Sherman Williams

The Reg. D. Marshall Agency has pacted Sherman Williams and his six piece recording band to a three year contract. Marshall announced that he is booking a tour of one-nighters throughout the South West territory for sax-star Williams, prior to seeing a group of West Coast engagements for the band. Williams, whose Bullet recordings are considered top-nickel, corners by the juke box crowd, is currently rounding out a record-breaking year's run at the Bronze Peacock in Houston, Texas.

## OMAHA U. GRID TEAM MEMBERS SHOW WARES

OMAHA (ANP) — Highlighting Omaha university's first football team in six years are three Negro players, all of whom have performed with valor. Archie Arvin, described as one of the fastest men on the team, is a very smooth performer when it comes to snatching the ball. His ability to jump in the air and

pull down almost impossible passes, coupled with his speed, makes him a constant threat on offensive play. Archie plays left end most of the time. He is 23, six-foot, weighs 160 pounds. Hugh Jackson, who hails from Birmingham, Ala., is the tallest man on the team; with his six foot six inches height, he makes a wonderful target as a pass receiver. Jackson has proven to be a powerhouse on offensive and defense plays and his 205 pounds of power have caused Jackson to be one of the most feared men on the Omaha U. this year from Ala. Omaha "Indians." Jackson comes bama A. M. Normal. At 24, Hugh has three years of experience with the marines, and he is married.

### MOREHOUSE COLLEGE MOTHER HONORED ON 74TH BIRTHDAY

ATLANTA (ANP) — Mrs. Lula Eichelberger, "mother to Morehouse college students for more than 40 years, will be remembered with contributions from "her boys" on her 74th birthday, Nov. 20, a week before Thanksgiving, to add a bit of cheer and comfort to her declining years. Although feeble, "mother" Eichelberger remembers hundreds of the former students by their first names, and laughingly recalls their healthy appetites. Mrs. Eichelberger was retired by the college a few years ago after serving meals to more presidents, teachers, doctors, ministers and businessmen than probably any other woman of her race. These former students, including men like Mordecai Johnson and John W. Davis, both presidents of leading colleges, are now scattered throughout the country.

CAB CALLOWAY

## Cab Calloway at Green Lantern in Anderson, Sunday

Of the hundreds of songs Cab Calloway has made popular, music and dance fans will always identify him with the first lady of the theatrical hit, "Minnie the Moocher". Calloway, who comes to the Green Lantern in Anderson on Sunday Nov. 16 has made "Minnie" one of the most famous girls in the world. Record sales reports prove that "Minnie" is truly international in scope. Calloway's recordings of Minnie's activities have sold widely in such remote places as Bangkok, Sydney, Shanghai, London, Paris, etc.

Minnie was born one night in New York's famous Cotton Club. Calloway had just opened there and was an overnight sensation. Shortly afterward, Cab and his manager, Irving Mills sat down to discuss a song which could become permanently identified with Cab's distinctive style of singing. After a fruitless search for a composer, the two sat down early one morning when the Cotton Club had emptied, and with Cab at the piano, banging out the notes with one finger, "Minnie the Moocher" was cradled in the murky atmosphere of a night club.

This is the first appearance of Cab at a colored dance in this vicinity in 12 years. Admission is \$2.00. Dancing from 9 to 1. For table reservations — Call Muncie 2-6195.

### CIVIL RIGHTS REPORT CAUSES N. C. DEMOCRAT TO BOLT TO REPUBLICAN

CHARLOTTE, N. C. (ANP) — Disgusted with the report of the President's Civil Rights committee, Manley T. Dunaway, defeated 1936 Democratic congressional candidate, announced he has deserted his party to run next year as a Republican because "the Democrats are deserting the south." He said the south became solidly democratic in the last century to resist the ideas to outlaw racial

segregation, and now the Democrats are the champions of these ideas.

# Cootie Williams' Ork at Sunset, Sunday Nite

**By OPAL L. TANDY**  
**A REPORT TO THE PEOPLE:**  
For the past several weeks the air has been hot with political fire. The two parties were lined up in a titanic struggle for the highest spot in the city. Al Feeney has won. Already people are asking me will he keep his promises. Will he do anything for Negroes and many other questions. Frankly I do not know. I do not know what Mr. Feeney will do, when he will do it, nor how he will do it. I know one thing he will do. He will put a new radio in the press room at police headquarters. That is the only out and out promise I have ever heard Mr. Feeney actually make. He said that in June while he and I were listening to the radio one day. So I am sure that there will be a new radio in the press room (smiles).

Other than this I don't know. As far as who will be chief I don't know. I am positive that the Mayor-elect will ask different people their opinion but the final decision will be made by him. Right now, I don't think even Mr. Feeney knows who will be the next chief of police. I worked in the campaign strenuously for one reason only. I want to see Negroes get all they can in education, health, and community progress. I believed and still believe that Mr. Feeney was the man to be the next mayor. I made no remarks about Mr. Weemer during the campaign and I won't make any now. He must have been a fine man or the Republicans would not have nominated him. The victory that Mr. Feeney won was a great one. It was a fusion protest victory. The people of both parties voted individually for a man who measured up to their expectations.

Only one thing am I proud of. I stated constantly wherever I spoke that, it was ridiculous for people to vote against a man because of his religion and I stated also that the election would be won at the polls and not in the churches. Well, I was right but I never did believe that we would win by such a margin as we did. Clarence Thuston, Jack Gillen, James McQueen, and Mrs. Susan Knox all guessed that Feeney would win by about ten thousand votes. They must have had an inspiration. But John Brewington was the best of all. He said Feeney would win by 8,000 votes. You know the rest.

The Democrats have done well but they have much more to do. We still have a lot of Republicans in office. We should not be vengeful. We must try to cultivate more Republican votes into Democratic votes. Then we can win the county and state.

I told Mr. Feeney during the early part of the fall campaign that traditions were falling; religiously, politically, and educationally. I believe that Feeney can be governor of Indiana and if he maneuvers himself carefully and sticks to his promises he can and will be governor. He must realize that he has a group of Negroes in his corner who with Jack Gillen, John L. McNelis, and certain other strategic politicians can form a powerful political organization that will restore the Democratic party to the position it once held in Indiana.

Susan Knox, James McQueen, and Clarence Thuston have proved that they and John Brewington, James Cross, Vernon Anderson, and Henry R. Wilson Jr., can do a great job when the opportunity presents itself.

One political observer stated to me this week that he believed it was a great political football game in which Feeney was the half back with us supplying him with the needed interference. He said that he believed that even if the same team got together again it could not click as it did for Feeney. He was wrong. We can do it again and we will in May, 1948.

What is needed now more than ever is a harmony meeting among Negroes, Democrats, to work out a program that will benefit Negroes of the city. Vernon Anderson should have some ideas about it. We know what we need. We should not talk about reducing Negro police officers who have rank but talk about promoting some. All those persons who want to be promoted will not be promoted. We all know that. But regardless of who he is no man should get anything he does not deserve. I hate to see beggars. Mr. Feeney has no reason to go around giving people things. He must let you earn what you get. I told my audiences early in the campaign that Mr. Feeney would be a hard man to work for because he wanted action. He is a man of action. That is the way he should be. I will never criticize him for this. I will criticize him if he changes from a man of action to a man of non-action. He owes the public which in spite of everything voted for him at the polls. He has before him a solemn duty. He can perform it magnificently if he chooses.

I BELIEVE that he will.

## Illinois Jacquet To Keep Six Men

Illinois Jacquet, who had intended to develop his present unit of six men and himself into a full 17-piece band after the first of the year, announced this week that he had decided against organizing the big band because of the forthcoming record strike.

"The way things stand," declared Jacquet, "I'd be making a big mistake in getting a big band, which I'd be unable to build through the medium of recordings. I'm going to stick to my present setup until such time as I can make records with a big band."

## DAN BURLEY SUES FOR \$50,000 FROM MUSIC PUBLISHER IN N. Y.

NEW YORK (ANP)—Dan Burley, managing editor of the Amsterdam News and one of the best known figures in jazz music in the country, has filed a \$50,000 breach of contract action against the Leeds Music Corp., one of the leading firms in its field.

The suit filed in the supreme court through Burley's attorney John T. Doles Jr., is much more than a mere contract case. In fact, it is laden with dynamite because of the threatened exposure of the alleged practice of music publishers to buy songs with the sole idea of suppressing them to avoid competition.

MUNCIE—Lester E. Holloway, former city controller and county treasurer, was named mayor of Muncie last Tuesday as the Democratic party swept a landslide in the municipal elections for control of the city and Delaware county. Only two Republicans were elected to fill council seats, Carl Burman, only colored candidate, lost only by a very small margin, as his Democratic opponent won by a majority of 369 votes.

Edgar L. Crago was elected city clerk, while Mario Pleroni, naturally blind, is new city court judge. Those newly elected city and county officials will assume their duties Jan. 1 for a four-year term.
